Protect Young Eyes From Pornography

1819 News: MONTGOMERY — Legislators and policy experts called on Senate leadership to put a bill requiring manufacturers to automatically

activate the adult content filter on phones and tablets sold in Alabama to a vote in the Senate in the last few remaining days of the session. [Read more.](#) Read another article from AL.com [here.](#)

ACTION: [HB298](#) is an important and SIMPLE bill that will protect young eyes from accidental exposure to pornography. The bill passed the House 70-8 yet it feels as if the big tech lobbyists have a strangle-hold on the Senate. Please let Sen. Reed (334-261-0894) know that you want him to put the protection of children above big tech's profits.

Senate Must Pass Bill To Stop Ballot Harvesting

[HB209](#) (Rep. Keil) prohibits any person from distributing, ordering, requesting, collecting, completing, obtaining, or delivering an absentee ballot application or absentee ballot of another person in certain circumstances. This is another common-sense bill to protect elections in Alabama however, Senate leadership has been hesitant to bring it to the floor for a vote. Please call 334-261-0894 and ask Sen. Reed to put HB209 on the calendar Tuesday.

GOOD NEWS From Week 11

[HB6](#) has passed the full legislature and is awaiting the governor's signature. This bill establishes legislative findings relating to the fundamental rights of parents; and provides that the government may not burden certain fundamental rights of parents.

[SB324](#) died in the House this week. The bill proposed an amendment to the Constitution of Alabama of 2022, relating to Greene County, and provided for the expansion of pari-mutuel wagering.
